HOME OF THE YEAR

Discover the secrets
behind the design

NOVEMBER / DECEMBER 2010

GET THE LOOK

Love the effortless mix of natural beauty and glam touches in our 2010 Home of the Year? If you want to create a similar look in your own space, start here, with this collection of distinctive pieces that jibe well for a look of natural sophistication.

2 David Stine Woodworking offers a new take on natural with the **Pine Cant Bench**, a solid block of hand-planed white pine set atop two black walnut runners. Pair the bench's beautiful grain with clean-lined, glossy pieces and you'll achieve the nature-dressed-up look à la the grand entryway (p. 67). stinewoodworking.com
